"In Advice and Dissent, economic sage Alan Blinder offers brilliant insights into why politicians so often rely on economics for support but not illumination, with the economy suffering as a consequence. Blinder's perceptive ideas to transform good economics into good politics makes it a must-read for everyone interested in a stronger economy and for economists who need the political savvy to contribute to the policy process."

Advice and Dissent: Why America Suffers When Economics and ...

Advice and Dissent is based on the hundred year-old Lamppost Theory, which says that drunks depend on lampposts for support, not illumination. So with politicians, apparently. They use economists to support their own positions, not for insights or solutions. The main problem is the Madison Curse, Blinder says.

Advice and Dissent: Why America Suffers When Economics and ...

Advice and Dissent: Why America Suffers When Economics and Politics Collide. Alan S. Blinder. A bestselling economist tells us what both politicians and economists must learn to fix America's failing economic policies. American economic policy ranks as something between bad and disgraceful.
