This reader is intended as a theoretical, analytical and historical introduction to the study of popular culture within cultural studies. It is divided into seven representative sections. The first six sections each contain a selection of readings from a particular approach to popular culture: culture and civilisation tradition; culturalism; structuralism and post-structuralism; Marxism; feminism; and postmodernism, providing a comprehensive overview and examples of the main theoretical perspectives. The final section contains readings from recent debates within the study of popular culture. Together, these sections chart the theoretical development of the study of popular culture within cultural studies, and provide examples of the analysis of the texts and practices of popular culture within each specific tradition. Each section is introduced, edited and contextualised by John Storey.

Black Feminist Cultural Criticism is the first comprehensive analysis of the full range of Black women's creative achievements. In this outstanding collection, writers and scholars in literature, film, television, theatre, music, art, material culture, and other cultural forms explicate Black women's artistry within the context of an activist framework. The contributors are concerned with the politics of cultural production and the ways in which Black women have confronted institutional and social barriers.

Challenging the increasingly popular argument that blacks should settle down, stop whining, and get jobs, *Skin Trade* insists that racism remains America's premier national story and its grossest national product. From Aunt Jemima Pancakes to ethnic Barbie dolls, Ann duCille explains, corporate America peddles racial and gender stereotypes.

Winner of the Pulitzer Prize and the National Book Award, this novel about a resilient and courageous woman has become a Broadway show and a cultural phenomenon. A PBS Great American Read Top 100 Pick *Celie* has grown up poor in rural Georgia, despised by the society around her and abused by her own family. She strives to protect her sister, Nettie, from a similar fate, and while Nettie escapes to a new life as a missionary in Africa, *Celie* is left behind without her best friend and confidante, married off to an older suitor, and sentenced to a life alone with a harsh and brutal husband. In an attempt to transcend a life that often seems too much to bear, *Celie* begins writing letters directly to God. The letters, spanning twenty years, record a journey of self-discovery and empowerment guided by the light of a few strong women. She meets Shug Avery, her husband's mistress and a jazz singer with a zest for life, and her stepson's wife, Sophia, who challenges her to fight for independence. And though the many letters from *Celie's* sister are hidden by her husband, Nettie's unwavering support will prove to be the most breathtaking of all. *The Color Purple* has sold more than five million copies, inspired an Academy Award-nominated film starring Oprah Winfrey and directed by Steven Spielberg, and been adapted into a Tony-nominated Broadway musical. Lauded as a literary masterpiece, this is the groundbreaking novel that placed Walker "in the company of Faulkner" (*The Nation*), and remains a wrenching-yet intensely uplifting-experience for new generations of readers. This ebook features a new introduction written by the author on the twenty-fifth anniversary of publication, and an illustrated biography of Alice Walker including rare photos from the author's personal collection. *The Color Purple* is the 1st book in the *Color Purple Collection*, which also includes *The Temple of My Familiar* and *Possessing the Secret of Joy*.
