Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

In this highly acclaimed work first published in 1974, Glen H. Elder Jr. presents the first longitudinal study of a Depression cohort. He follows 167 individuals born in 1920?1921 from their elementary school days in Oakland, California, through the 1960s. Using a combined historical, social, and psychological approach, Elder assesses the influence of the economic crisis on the life course of his subjects over two generations. The twenty-fifth anniversary edition of this classic study includes a new chapter on the war years entitled, "Beyond Children of the Great Depression.?"

U.S. History by OpenStax (Print Version, Paperback, B&W, Volume 1 & 2) This is the grayscale (black and white) paperback edition, with a donation made to OpenStax from every new copy sold. "This book is the first history of cities in Texas, covering the earliest days of Spanish-Mexican towns, the Republic era to about 1940, and metropolitan Texas to the present. Not only is this book a first for Texas, but there seem to be no equivalent books for any other states, so the author has developed new concepts like 'the first road frontier' and the 'rupture' caused by the railroads. McComb emphasizes how railroads and related innovations such as the telegraph and the clocck facilitated in urban development"--Provided by publisher.

This economically priced version of LIBERTY, EQUALITY, POWER, 7th Edition offers readers the complete narrative while limiting the number of features, photos, and maps. A highly respected, balanced, and thoroughly modern approach to U.S. History, LIBERTY, EQUALITY, POWER uses these three themes in a unique approach to show how the United States was transformed, in a relatively short time, from a land inhabited by hunter-gatherer and agricultural Native American societies into the most powerful industrial nation on earth. This approach helps students understand not only the impact of the notions of liberty and equality, which are often associated with the American story, but also how dominant and subordinate groups have affected and been affected by the ever-shifting balance of power. The text integrates the best of recent social and cultural scholarship into a political story, offering students a comprehensive and complete understanding of American history. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

How did America transform itself, in a relatively short time, from a land inhabited by hunter-gatherer and agricultural Native American societies into the most powerful industrial nation on earth? You'll find out in LIBERTY, EQUALITY, POWER: A HISTORY OF THE AMERICAN PEOPLE, CONCISE Sixth Edition. The authors tell this story through the lens of three major themes: liberty, equality, and power. You'll learn not only the impact of the notions of liberty and equality but also how dominant and subordinate groups have affected and been affected by the ever-shifting balance of power. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

A highly respected, balanced, and thoroughly modern approach to U.S. history, LIBERTY, EQUALITY, POWER: A HISTORY OF THE AMERICAN PEOPLE, Seventh Edition, uses these three themes to show how the United States was transformed from hunter-gatherer and agricultural Native American societies into the most powerful industrial nation on Earth. This approach helps students understand the impact of the notions of liberty and equality, which are often associated with the American story and recognize how dominant and subordinate groups have affected and been affected by the ever-shifting balance of power. The text integrates the best of recent social and cultural scholarship-including fun material on movies and other forms of popular culture-into a political story, offering a comprehensive and complete understanding of American history. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

In this book, Hoover expounds and vigorously defends what has come to be called American exceptionalism: the set of beliefs and values that still makes America unique. He argues that America can make steady, sure progress if we preserve our individualism, preserve and stimulate the initiative of our people, insist on and maintain the safeguards to equality of opportunity, and honor service as a part of our national character.
