debriefing questions; understandings of programmatic goals; observation, assessment, and feedback methods; and more. They also demonstrate how to use video viewing and conferencing to adapt support for candidate growth in digital environments. The book clearly defines what field instruction entails and show how to move from a pre-prescribed technical approach toward one that fosters candidates' abilities to embody the roles of empowered, self-directed, and agentic teachers. With the help of this text, new and seasoned teacher educators will guide candidates to not only learn how to meaningfully reflect on practice, but also internalize these competencies for their own future professional development and continuous self-improvement. Chapters are accessibly written and filled with concrete examples, tips, worksheets, and activities. Book Features: Clear directions, tools, templates, and protocols for how to do the job of field instruction. A "Voices from the Field" chapter with practical advice from field instructors across multiple programs. Annotated sample conversation with candidates.

Provides career practitioners and educators with detailed information concerning the history, processes, and use of assessment in career counseling and development services. Includes reviews of many types of assessments used in practice.

9-1-1 telecommunicators are heavily exposed to traumatic stressors in the line of duty as our nation's Very First Responders. They struggle with PTSD at a rate believed to be four to five times higher than the general public. These 9-1-1 Professionals and their leaders must be equipped to protect their own well-being, and to safeguard the performance of our 9-1-1 centers facing an ever more demanding future. The 911 Training Institute is proud to announce the release of a book that will finally meet this need: *The Resilient 9-1-1 Professional: A Comprehensive Guide to Surviving & Thriving Together in the 9-1-1 Center*. This volume, edited by Jim Marshall and Tracey Laorenza, brings together an unprecedented group including 9-1-1 frontliners, their managers, joined by subject matter experts in public-safety, mental health and public administration. Together they deliver powerful stories and fascinating science revealing the health risks faced by "9-1-1Pros" and a full spectrum of solutions to manage these risks and optimize the personal and organizational well-being in our 9-1-1 centers. This book stands alone in the 9-1-1 industry and serves as essential training for all front-line dispatchers, supervisors, and managers/directors. It is also imperative reading for all those who influence and benefit from 9-1-1 emergency services: field responders, government officials, mental health professionals; all organizations that aid public-safety agencies; and, all those family and friends who love a dispatcher. Dispatchers face very high stakes every day. Our investment as a nation of 9-1-1 stakeholders in supporting and

empowering them must be equally as high.

This practical and effective step-by-step guide helps auditors and CPAs apply and comply with authoritative auditing standards. It explains the standards and their requirements fully, using technical terminology only when necessary. It represents a comprehensive, up-to-date compendium of current auditing standards and emphasizes practical applications to implement audit standards and requirements. Nick A. Dauber, MS, CPA (Queens, NY), is author of several CPA books and an accounting practitioner and an instructor of auditing and tax at Queens College of the City University of New York. Anique Ahmed Qureshi PhD, CPA, CIA, has written and published ten books and is professor of accounting and information systems at Queens College of the City University of New York. Marc H. Levine, PhD, CPA, has written five books on auditing and financial accounting topics. Joel G. Siegel, PhD, CPA, is the author of over 50 books and has written hundreds of articles for accounting and financial journals.

It is often said that an entrepreneur is someone who works 80 hours a week, so they don't have to work 40. As a result, it is obvious that it takes a certain breed, or gumption to be an entrepreneur. If you are a small business owner, are considering starting your own business, would simply like to know what it takes, or are looking to improve your personal development this book will offer simple and easy steps to guide you in your journey.
