As children, they meet. Bray and Yarrow have little in common. She's all fire. He's all heart. But the same ancient symbol brands their skin, marking them as members of the Chisanta-a superhuman society of scholars and warriors. Together, they travel far to undergo a brutal initiation trial, and form a bond that neither can forget. As young adults, they clash. Years later these friends-turned-rivals reunite, and fond memories won't stop them from crossing swords. She doesn't trust him. He doesn't understand her. But if they don't learn to work together, a troubling string of deaths will remain unsolved. And the fate of their kind could hang in the balance. " McCarron manages to successfully bridge modern ideals and an ancient world in this coming-of-age tale." -Publishers Weekly

For over 400 years, the name "Sinbad" has conjured images of danger, intrigue and adventure. Now, TidalWave is proud to present a new chapter about the intrepid sailor. Join Sinbad and his crew as they journey to the dangerous Island of the Rex'i'cor to track down a powerful diamond in the hands of the mysterious Merchant of Ages.

The steep descent into Hell is always paved with good intentions. My name is Jemma Blackburn and I'm a Slayer. Finding out I wasn't human was only the beginning of my problems. My best-friend, Taylor, is still missing, and so is the Immortal Amulet, and it's my job alone to get them both back. I don't know who I can trust, and I'm still not sure I'm cut out for any of this, but I'm determined to figure it all out, or die trying. As if that wasn't bad enough, there's a new enemy in town and they've come bearing gifts-an ancient prophesy that is going to blur the very lines between good and evil. And, apparently, my blood is tied to the center of it. I don't have all the answers yet, but I'm getting closer and closer to discovering the truth. The truth about my bloodlines, and about who I really am. And, believe me when I say, it's going to change everything. Invidious is the highly anticipated second installment in The Marked series, a fast-paced paranormal romance filled with self-discovery, mystery, love, and a unique supernatural world that will leave you captivated and hungry for more.

"When the thing you must lose is too great to bear..." In the wake of Quade's public failure, Accord becomes the lone safe haven in all of Trinitas. Ko-Jin, in his new capacity as general, works together with the royal siblings to safeguard and fortify the capital. But the citizens are afraid, and tensions between the Cosanta and the Chiona run high. Still, no one wishes to leave the refuge of those city walls. No one save for Bray, who is determined to find Yarrow above all else. But the man she eventually tracks down does not know her-he does not know himself. Meanwhile, Arlow is drawn deeper into the fold of the Pauper's Men, Peer is thrust into an unwanted leadership role, and Vendra plots revenge. All the while, Quade Asher marshals his armies. War is coming. But long before his military forces arrive, he will make his enemies suffer for the humiliation of his defeat. He will sow fear, break spirits, and leave them bleeding. Quade will test the strength of those who oppose him: how much loss and suffering can they bear, and still fight on? Reunite with old friends in this dark and dramatic third installment of the Marked Series.

When an enemy can alter your thoughts, you can trust nothing-not even your own mind. Bray and Yarrow escaped with their lives, believing that Quade Asher and his Elevated planned to start a war. Soon they will learn the truth: Quade need not fight a single battle; he has already won. With his ability to charm and persuade, Quade holds the entire nation enthralled. Those who resist are labeled defectors and are widely hunted. For these outlaws, no place is safe; no one can be trusted. The Elevated have eyes everywhere. Desperate to counter Quade's control, the group who could barely coexist must now rely solely upon each other. Ko-Jin strives to protect those most in danger, Bray seeks weaknesses, and Yarrow discovers long-lost knowledge of the Chisanta; but when Quade threatens to commit his worst atrocity yet, they all must come out of hiding to defy their enemy face-to-face. The tale

of friendship, sacrifice, and romance continues in this second installment of the Marked Series.

As they count their losses following their battle against the Sphere of Power, The Marked explore their origins, following a thread of tales starting with the rescue of Lovecraft from the mysterious Kah-Loh-Lu, back through

The Declaration Of Independence, The Constitution Of The U.S., The Constitution Of New Jersey, History Of The Flag And The Road To Liberty And How Zach Peters Found It, An American Adventure In Ten Dreams.

The heart-pounding conclusion to the Marked Series The city of Accord has been under siege for seven months. Quade's army is the largest the world has ever known, a force great enough to topple a kingdom. Yet it is held at bay. Thwarted, thanks to the cleverness of a heart-sore general, the dedication of a queen, the courage of a people, the gifts of the marked, and above all else—the predictions of a mindless truth-sayer, a Fifth. For over half a year this war has stood at an impasse. But on the other side of their protective city walls, Quade Asher has begun to alter his strategy. He's finally identified a weakness in Accord's defense. His desire for conquest is matched only by his rage, born of months seething in defeat and humiliation. Yes, by all the Spirits, he will take this city, and make his enemy bleed. Action-packed and full of heart, read the final installment of this fantasy epic today!
