Bengaluru campus offers BBA, B.Sc Finance and BSc Economics. Indore and Navi Mumbai campuses offer only BBA. NMIMS is a great college for B.Tech, with excellent faculty and teaching standards, as well as a wonderful student network.

Discovering Computer Science: Interdisciplinary Problems, Principles, and Python Programming introduces computational problem solving as a vehicle of discovery in a wide variety of disciplines. With a principles-oriented introduction to computational thinking, the text provides a broader and deeper introduction to computer science than typical introductory programming books. Organized

Download Free Diploma In Computer Science

Question Paper

around interdisciplinary problem domains, rather than programming language features, each chapter guides students through increasingly sophisticated algorithmic and programming techniques. The author uses a spiral approach to introduce Python language features in increasingly complex contexts as the book progresses. The text places programming in the context of fundamental computer science principles, such as abstraction, efficiency, and algorithmic techniques, and offers overviews of fundamental topics that are traditionally put off until later courses. The book includes thirty well-developed independent projects that encourage students to explore questions across

Download Free Diploma In Computer Science

disciplinary boundaries. Each is motivated by a problem that students can investigate by developing algorithms and implementing them as Python programs. The book's accompanying website — <http://discoverCS.denison.edu> — includes sample code and data files, pointers for further exploration, errata, and links to Python language references. Containing over 600 homework exercises and over 300 integrated reflection questions, this textbook is appropriate for a first computer science course for computer science majors, an introductory scientific computing course or, at a slower pace, any introductory computer science course.

Download Free Diploma In Computer Science

This book has been written for the Medical/Pharmacy/Nursing/ME/M. TECH/BE/B.Tech students of All University with latest syllabus for Computer Science Department Students. The basic aim of this book is to provide a basic knowledge in Computer Science Student & Resolve the students searching short and long answer questions. This question bank is based on the latest Syllabus Computer Science students of degree, diploma & AMIE courses and a useful reference for these preparing for competitive examinations. This book is divided into five chapters. Each units contains short and long answer questions.

The book 'SSC Reasoning (Verbal
