Filled with magic, thrilling adventure, and sweet romance, Elementals is the first in a new series that fans of mythology will love! When Nicole Cassidy moves from sunny Georgia to gloomy New England, the last thing she expects is to learn that her homeroom is a cover for a secret coven of witches. Even more surprisingly ... she's apparently a witch herself. Despite doubts about her newfound abilities, Nicole is welcomed into this ancient circle of witches and is bedazzled by their powers--and, to her dismay, by Blake--the school's notorious bad-boy. Girls who get close to Blake wind up hurt. His girlfriend Danielle will do anything to keep them away, even if she must resort to using dark magic. But the chemistry between Blake and Nicole is undeniable, and despite wanting to protect Nicole from Danielle's wrath, he finds it impossible to keep his distance. When the Olympian Comet shoots through the sky for the first time in three thousand years, Nicole, Blake, Danielle, and two others in their homeroom are gifted with mysterious powers over the elements. But the comet has another effect--it opens the portal to the prison world that has contained the Titans for centuries. After an ancient monster escapes and attacks Nicole and Blake, it's up to them and the others to follow the clues from a cryptic prophecy so that they can save their town ... and possibly the world. Everything you thought you knew about mermaids is wrong. Life for a high school kid in Saltford should be simple and straightforward - for 17-year-old Targa MacAuley, it's anything but. Navigating life with a supernatural mother is tricky enough, but dealing with the feelings of guilt that she's never been able to 'change', and confusion that she doesn't seem to be attracted to boys (or girls for that matter), Targa feels like she's got more demons than the average kid. When the opportunity to salvage a mysterious wreck in the Baltic arises for her mom, a professional salvage diver by day, Targa jumps at the chance to go abroad for the summer. But it's when she meets Antoni, and a boating accident puts them both in danger, that Targa's world turns upside out for good.

Earth, Fire, Air, Water ⚡ they are more than you dream. As an air Elemental, 17-year-old Emily Morgan doesn't have much power. That's okay--she knows what happens to kids who do. Like Michael Merrick. He's an earth Elemental, one with enough power to level cities. Which makes him sexy, dangerous, and completely off limits. At least according to Emily's family. But her summer job puts her in close contact with Michael, and neither of them can help the attraction they feel. When forces of nature like theirs collide, one misstep could get someone killed. Because Emily's family doesn't just want her to stay away from him. They want him dead.
