Expert Card Technique by Hugard and Braue is often thought of as the follow up to The Royal Road to Card Magic (RRTCM) however I believe it was actually published several years before. This misnomer is likely because Expert Card Technique (ECT) is more advanced material than RRTCM, while RRTCM is the beginner to intermediate card skills.

As he became older and lost his eyesight, the magician Frederick Braue began co-writing several books with Hugard on the art of card magic. In their book "Expert Card Technique", these magical geniuses show even the most novice beginner how to learn to manipulate cards in basic ways and then moves on to teach more advanced flourishes, such as forces, fans, and prearranged decks.
