going to a football game, going to a boxing match, or going for a hike. The payoff from each of these alternatives will depend on the weather. The following table gives the agent's payoff in each of the two relevant weather events: Alternative payoff if Rain payoff if Shine Football game 1 2 Boxing Match 3 0 Hike 0 1

Solution Manual Game Theory: An Introduction
"Fudenberg and Tirole's text will have an immediate and important impact on the way game theory is taught at the graduate level. Not only does it cover most of the central topics in noncooperative game theory, it is as up-to-date and complete as a book in this area could hope to be." Charles Wilson, Professor of Economics, New York University
