This heartwarming book encourages positive behavior by using the concept of an invisible bucket to show children how easy and rewarding it is to express kindness, appreciation and love by "filling buckets." Updated and revised, this 10th anniversary edition will help readers better understand that "bucket dipping" is a negative behavior, not a permanent label. It also explains that it's possible to fill or dip into our own buckets.

"Here's a delightful little book to warm the hearts of young children and teach them how to experience the joy of giving and receiving. Just think of all the little buckets this book will fill with love and encouragement." - Dr. Kevin Leman, author of *Have a New Kid by Friday* The day you were born was a very happy day. You are a special gift. Everyone was so happy to see you. But, there was one part of you that they could not see. It was your bucket, your invisible bucket. While using a simple metaphor of a bucket full of hearts and stars, authors Carol McCloud and Katherine Martin, M.A. illustrate, in the sweetest of ways, that we are all born with an invisible bucket and that our bucket holds all of our good thoughts and feelings. This book highlights the many ways that families and caregivers use to fill the buckets of children but also gives young children simple ideas on how to BE a bucket filler as well. This 24-page picture book is perfect for children, parents, grandparents, teachers and people that want to teach empathy, nurture kindness and create a positive environment in their home, classroom, workplace and community. An illustrated adaptation of the long-running bestseller *How Full Is Your Bucket?* (more than 400,000 copies sold) for kids - told through the story of a boy who learns a valuable "bucket filling" metaphor and watches it come to life as the day unfolds. Every moment matters. Each of us has an invisible bucket. When our bucket is full, we feel great. When it's empty, we feel awful. Yet most children (and many adults) don't realize the importance of having a full bucket throughout the day. In *How Full Is Your Bucket? For Kids*, Felix begins to see how every interaction in a day either fills or empties his bucket. Felix then realizes that everything he says or does to other people fills or empties their buckets as well. Follow along with Felix as he learns how easy it can be to fill the buckets of his classmates, teachers and family members. Before the day is over, you'll see how Felix learns to be a great bucket filler, and in the process, discovers that filling someone else's bucket also fills his own.
