John Sadler has uncovered startling new evidence about this infamous event in Scottish history. The first book on the subject for 40 years.

'You are hereby ordered to fall upon the rebels, the MacDonalds of Glencoe, and to put all to the sword under seventy.' This was the treacherous and cold-blooded order ruthlessly carried out on 13 February 1692, when the Campbells slaughtered their hosts the MacDonalds at the Massacre of Glencoe. It was a bloody incident which had deep repercussions and was the beginning of the destruction of the Highlanders. John Prebble's masterly description of the terrible events at Glencoe was praised as 'Evocative and powerful' in the Sunday Telegraph.

Some people travel to discover a country's architecture; others to sample its cuisine, or experience its nature. For author Lori Henry, travel is a way to discover a country's dances. In *Dancing Through History*, Henry crosses Canada's vast physical and ethnic terrain to uncover how its various cultures have evolved through their dances. Her coast-to-coast journey takes her to Haida Gwaii in British Columbia, where she witnesses the seldom seen animist dances of the islands' First Nation people. In the Arctic, Henry partakes in Inuit drum dancing, kept alive by a new generation of Nunavut youth. And in Cape Breton, she uncovers the ancient "step dance" of the once culturally oppressed Gaels of Nova Scotia. During her travels, Henry discovers that dance helps to break down barriers and encourage cooperation between people with a history of injustice. Dance, she finds, can provide key insight into what people value most as a culture, which is often more similar than it seems. It is this kind of understanding that goes beyond our divisive histories and gives us compassion for one another.

The story of the Massacre of Glencoe in 1692 is still widely told around the Highlands of Scotland. The Campbell Dragoons came, asking for shelter from the Glencoe MacDonalds. They were fed and housed for two weeks before they arose one night and butchered their hosts in their beds. Anna takes her two small sons to a cottage in Glencoe for the summer. She meets Calum, who is dealing with a crazed ex-girlfriend, Helena, but there is something more sinister lurking around Anna's cottage. Her six-year-old son is talking to ghosts and Anna is having violent dreams, reliving the night of the massacre as Kirstin MacDonald, who died horribly from frostbite, screaming for her missing son, two weeks after the massacre. With the help of an eccentric local historian and his sidekick, they try to save Anna's son from Kirstin's ghost, but things are not what they seem.

In 1876, they wipe out General George A. Custer and his 7th Cavalry at the Battle of the Little Bighorn. Chief Sitting Bull and his Sioux people then flee from the United States to Canada. There, in the autumn of 1877, the Sioux are joined by the remnants of the latest Indian nation to make a stand against the US Army, the Nez Perce. Their survivors are led by Chief White Bird. A young man follows White Bird to Sitting Bull's camp. He is White Bird's close relative and aims to tell the story of the Nez Perce War from the Nez Perce point of view. This young man's name is Duncan McDonald. Descended from chiefs of the Nez Perce and from chiefs of Scotland's most formidable clan, Duncan's family - first as Highlanders, then as Native Americans - have twice been victims of massacre and dispossession. Written with the help of Duncan McDonald's present-day kinsfolk on the Flathead Indian Reservation in Western Montana, this real-life family saga spans two continents and more than thirty generations to link Scotland's clans with the native peoples of the American West.
