Le vicende dei patriarchi sono state rilette dai giudei dopo l'esilio babilonese in modo da far loro esprimere il senso profondo della loro religione, come l'avevano riformulata durante il periodo trascorso in Mesopotamia. Ciò che rende interessante ancora oggi lo studio dei racconti patriarcali consiste anche nel fatto che i loro protagonisti sono considerati come padri nella fede dai seguaci di tre grandi religioni che per questo sono dette «abramitiche»: ebraismo, cristianesimo e islam. Ritornando alla fede dei padri comuni è possibile aprire tra di esse un fruttuoso dialogo interreligioso.

The fourth volume of The Heritage of Shannara, which continues one of the most popular fantasy series of all time. The Shadowen still swarm over the Four Lands, poisoning everything with their dark magic. And their leader is determined to destroy all the Scions of Shannara. For Walker Boh, he dispatches the Four Horsemen. For Wren, he sends an untrue friend. And for Par, he devises the most terrible fate of all. With these traps cleverly laid, the charges given by the shade of the Druid Allanon are doomed to failure—unless Par can discover a way to harness the power of the Sword of Shannara. Thus continues the enthralling Shannara epic, a spellbinding tale of adventure, magic, and myth... BONUS: This edition contains an excerpt from Terry Brooks's The Measure of the Magic.

The last book by the renowned biblical scholar, this exploration of the Gospel of John brilliantly provides a profound yet accessible framework for understanding its theological, historical, and literary significance.

Annotation What is the pitch of philosophy? Something thrown, for us to catch? A lurch, meant to unsettle us? The relative position of a tone on a scale? A speech designed to persuade? This book is an invitation to the life of philosophy in the United States, as Emerson once lived it and as Stanley Cavell now lives it - in all its topographical ambiguity. Cavell talks about his vocation in connection with what he calls voice - the tone of philosophy - and his right to take that tone, and to describe an anecdotal journey toward the discovery of his own voice. Cavell asks how the voice of philosophy can be heard amid the commerce of everyday life. His autobiographical exercises begin at home with his parents, his father an accidental pawnbroker and accomplished raconteur, his mother a trained and talented musician. In the course of showing us his certain steps in the discovery of his trade, he conveys the sense of what it means to learn to walk on one's own, with a Thoreauvian deliberateness. He pays suitable attention to a serious ally and antagonist to the task of philosophy as he understands it, namely, Jacques Derrida - yet Derrida has mounted a full-scale attack on "voice" and other concepts that Cavell has held open for much of a lifetime. The chapters are interwoven with intense family reminiscences in Cavell's discovery of J.L. Austin, his understanding of Wittgenstein, his raising of Emerson to the philosophical canon, his fascination with film (images of women in a medium for women), the revelation that film and opera are the media of otherness for women. And the voice at the end: hearing in himself the voice of his mother, which is music. Complex, sentimental, witty, *A Pitch of Philosophy* is for anyone who cares to take on philosophy, under whatever name it goes

We live in a world where the one-time opposition between things and humans has been transformed, where the center of contemporary sensibility is the encounter between philosophy and sexuality, where sex extends well beyond both the act and the body. We live in a world where to be sexy is to ignore the distinctions between animate and inanimate objects of desire, where the aesthetics of sex are being revolutionized. An organic sexuality, based on sex difference and driven by desire and pleasure, is being replaced by a neutral, inorganic and artificial sexuality, a sexuality always available but indifferent to beauty, age or form, a sexuality freed by thought from nature. *The Sex Appeal of the Inorganic* takes the reader on a radical, new tour of Western philosophy—from Descartes, Kant and Hegel to Heidegger, Wittgenstein and Sartre—to reframe our understanding of personal experience and the aesthetic, to examine how, if we are to remember how to feel, we must become a thing who feels, we must think ourselves closer to the inorganic world and move further from our bodies.

Meet 2015's silver screen sensation in waiting -Scott Lang, the astonishing Ant-Man! To save his daughter Cassie's life, Scott is forced to return to a life of crime, stealing Hank Pym's original costumed identity. But when his noble intentions win the Avengers' approval, he takes over as the all-new Ant-Man, full-time! Electronics whiz Scott secures a job with Tony Stark, but the size-changing super hero must save Iron Man after a brutal battle with the Hulk. No shrinking violet, Scott holds his own in astonishing adventures with Spider-Man, the Thing and the Avengers...and when Ant-Man and Hawkeye join forces, somebody's gonna get it! Collecting Avengers #195 (May 1980) Marvel Comics, Avengers #196 Avengers #181 (Mar 1979) Marvel Comics, Marvel Premiere #47-48, Iron Man (1968) #131-133 and #151, Avengers (1963) #223, Marvel Team-Up (1972) #103.

A teenager discovers his voice in this contemporary love story from "one of young adult literature's greatest living writers" (Booklist). Shy teenager Karl is desperately in love with his girlfriend, Fiorella, a literary enthusiast who's asked him to write her a letter in which he reveals his true self. There's just one problem . . . Karl is dyslexic. Convinced that his attempts to express himself with words will end in disaster, Karl tracks down Fiorella's favorite novelist and begs him to take up the task. The famous writer unexpectedly agrees, but on one condition: Karl must participate in a series of interviews so the author can pen an authentic portrait of his affections. What follows is a series of misunderstandings, a startling revelation, and an unusual bond that will change all three of their lives. A moving story of love and friendship, *Dying to Know You* is the perfect novel for "that cloudy expanse between older teenager and younger adult, a novel that doesn't pretend to advise, but merely sees its characters for who they really are" (The Guardian). "This quietly understated performance captures the wistfulness of music in a minor key." -Kirkus Reviews
