It's hard to overstate how important faith was in Tolkien's personal life. His mother had... A walking dictionary. ...

The Untold Truth of J.R.R. Tolkien

J.R.R. Tolkien was born in Bloemfontein, in what is now South Africa, in January of 1892. He moved to England with his family when he was three years old and spent the years of his youth exploring surrounding villages, towns and forest. These experiences and locations would serve to inspire his later works, such as his aunt’s farm, Bag End.

J.R.R. Tolkien - Books, Life & Quotes - Biography

J.R.R. Tolkien intended the new book, which would later develop into "The Lord of the Rings," to be a simple sequel to "The Hobbit." . Yet somehow the sequel was growing more adult, and Tolkien admitted it reflected the "darkness of the present days" in the shadow of the Second World War. On September 21, 1937, the publishing firm of George Allen & Unwin had published J.R.R. Tolkien's masterful children's story, The Hobbit.

J.R.R. Tolkien - Biography - IMDb

Edited by Christopher Tolkien. J.R.R Tolkien. The Letters of J.R.R Tolkien. The History of Middle-Earth Collection. The History of Middle-Earth Index. 1, The Book of Lost Tales Part 1. 2, The Book of Lost Tales Part 2.

An expertly written investigation of the places that shaped the work of one of the world's best loved authors, exploring the relationship between worlds real and fantastical.

The definitive Tolkien companion—an indispensable guide to The Hobbit, The Lord of the Rings, and more, from the author of The Road to Middle-earth. This “highly erudite celebration and exploration of Tolkien's works [is] enormous fun,” declared the Houston Chronicle, and Tom Shippey, a prominent medievalist and scholar of fantasy, “deepens your understanding” without “making you forget your initial, purely instinctive response to Middle-earth and hobbits.” In a clear and accessible style, Shippey offers a new approach to Tolkien, to fantasy, and to the importance of language in literature. He breaks down The Lord of the Rings as a linguistic feast for the senses and as a response to the human instinct for myth. Elsewhere, he examines The Hobbit’s counterintuitive relationship to the heroic world of Middle-earth; demonstrates the significance of The Silmarillion to Tolkien’s canon; and takes an illuminating look at lesser-known works in connection with Tolkien’s life. Furthermore, he ties all these strands together in a continuing tradition that traces its roots back through Grimms’ Fairy Tales to Beowulf. “Shippey’s commentary is the best so far in elucidating Tolkien’s lovely myth,” wrote Harper’s Magazine. J.R.R. Tolkien: Author of the Century is “a triumph” (Chicago Sun-Times) that not only gives readers a deeper understanding of Tolkien and his work, but also serves as an entertaining introduction to some of the most influential novels ever written.

The original authorised biography, and the only one written by an author who actually met J.R.R. Tolkien.

Analyzes Tolkien's "The Hobbit," "The Lord of the Rings," "The Silmarillion," and his lesser works, and explains how his works tie into storytelling tradition dating back to Grimms' fairy tales and "Beowulf."

'...If you wanted to go on from the end of The Hobbit I think the ring would be your inevitable choice as the link. If then you wanted a large tale, the Ring would at once acquire a capital letter; and the Dark Lord would immediately appear. As he did, unasked, on the hearth at Bag End as soon as I came to that point. So the essential Quest started at once. But I met a lot of things along the way that astonished me. Tom Bombadil I knew already; but I had never been to Bree. Strider sitting in the corner of the inn was a shock, and I had no more idea who he was than Frodo did. The Mines of Moria had been a mere name; and of Lothlorien no word had reached my mortal ears till I came there.' -- J.R.R. Tolkien to W.H. Auden, June 7, 1955 J.R.R. Tolkien, cherished author of The Hobbit, The Lord of the Rings, and The Silmarillion, was one of the twentieth century's most prolific letter writers. Over the years he wrote a mass of letters -- to his publishers, his family, to friends, and to fans of his books -- which record the history and composition of his works and his reaction to subsequent events. By turns thoughtful, impish, scholarly, impassioned, playful, vigorous, and gentle, Tolkien poured his heart and mind into a great stream of correspondence to intimate friends and unknown admirers all over the world. From this collection one sees a mind of immense complexity and many layers -- artistic, religious, charmingly eccentric, sentimental, and ultimately brilliant. Now newly expanded with a detailed index, this collection provides an invaluable record that sheds much light on Tolkien's creative genius, his thoughts and feelings about his own work, and the evolution of his grand design for the creation of a whole new world -- Middle-earth.

The first ever publication of J.R.R. Tolkien's final writings on Middle-earth, covering a wide range of subjects and perfect for those who have read and enjoyed The Silmarillion, The Lord of the Rings, Unfinished Tales, and The History of Middle-earth, and want to learn more about Tolkien's magnificent world. It is well known that J.R.R. Tolkien published The Hobbit in 1937 and The Lord of the Rings in 1954-5. What may be less known is that he continued to write about Middle-earth in the decades that followed, right up until the years before his death in 1973. For him, Middle-earth was part of an entire world to be explored, and the writings in The Nature of Middle-earth reveal the journeys that he took as he sought to better understand his unique creation. From sweeping themes as profound as Elvish immortality and reincarnation, and the Powers of the Valar, to the more earth-bound subjects of the lands and beasts of Númenor, the geography of the Rivers and Beacon-hills of Gondor, and even who had beards! This new collection, which has been edited by Carl F. Hostetter, one of the world's leading Tolkien experts, is a veritable treasure-trove offering readers a chance to peer over Professor Tolkien's shoulder at the very moment of discovery: and on every page, Middle-earth is once again brought to extraordinary life.

An introduction to the life and career of the "Father of High Fantasy."

J.R.R. Tolkien was an orphan, a scholar, a soldier, a professor; and the author of what is considered by many to be the finest book of the 20th Century - The Lord of the Rings. In this carefully researched and engagingly written biography, you'll come to know Tolkien, the friends and family members who shaped his life, and the colleagues and fellow writers who influenced his career. You'll follow Tolkien from his early childhood in South Africa to what he assumed would be the pinnacle of his carrer - a professorship at Oxford. Little did he know, it was just the beginning. For it was there that Tolkien would decide to write The Hobbit, the story that started it all.

Perfect for Tolkien enthusiasts of all shapes and sizes, this delightful and accessible biography brings the enigma behind The Lord of the Rings franchise to life Long before the successful The Lord of the Rings films, J R R. Tolkien's creations, imagination, and characters had already captured the hearts and minds of millions of readers. But who was the man who dreamt up the intricate languages and perfectly crafted world of Middle-earth? Tolkien had a difficult life for many years— orphaned and poor, his guardian forbade him from communicating with the woman he had fallen in love with, and he also suffered through the horrors of World War I. An intensely private and brilliant scholar, he spent more than 50 years working on the languages, history, peoples, and geography of Middle-earth, with a consistent mythology and body of legends inspired by a formidable knowledge of early northern European history and culture. J.R.R. Tolkien became a legend by creating an imaginary world that has enthralled and delighted generations.
