This textbook provides a survey of sociology. As the scientific study of society, sociology is a social science which uses various methods of empirical investigation and critical analysis to develop a body of knowledge about human social activity. It focuses on the influence of our relationships around us and how they affect our behaviors and attitudes. The author approaches this subject with a desire to help students find and use sociology in everyday life.

David Robinson has written a practical, concise, no-nonsense guide to ending discrimination in the workplace. Aimed at employers, but sure to be of interest to anyone employed, this book explains how to run a productive, disciplined workforce without violating discrimination laws. It teaches not only the law, but also how religious/spiritual principles can act as a guide to greater business success and fewer legal problems. The book also offers tips for employers on how to avoid becoming victims of discrimination and how to know when they are, and are not, victims of discrimination.

This 12-month access code card gives you access to all of MySocLab's tool and resources, including a complete eText of your book. You can also buy immediate access to MySocLab with Pearson eText online with a credit card at www.mysoclab.com. "Seeing Sociology in Everyday Life" "Society: The Basics" is designed to help students view their everyday lives through a sociological lens. With a strong theoretical framework and a global perspective, "Society" offers students an accessible and relevant introduction to sociology. In "Society: The Basics, Eleventh Edition, John J. Macionis shares his enthusiasm and teaching experience with a clear and engaging approach. For instructors who want to create an integrated multimedia experience in-and-out of the classroom, MySocLab can be packaged with the text for no additional cost. With a new emphasis on active learning with MySocLab activities integrated in each chapter, the new Eleventh Edition now features opportunities to put sociology in action with Social Explorer (census data) activities, video exercises and MySocLibrary primary source readings. Also, "Society" continues to provide an author-written annotated instructor's edition, test bank, and instructor's manual.

The title says it all. This tenth edition of the best-selling Sociology is a comprehensive book and multimedia package that offers readers a global perspective to help them better understand their own lives, provides a strong focus on social diversity that allows them to see the impact of race, class, and gender, and focuses on critical thinking. With technology integrated throughout, this new edition features new research citations, more social theory applications, additional references to pop culture linking directly to sociological material. Covering all aspects of sociology, this book describes sociological investigation, culture, society, interaction in everyday life, groups and organizations, deviance, sexuality, social stratification, social class in the United States, global inequality, gender stratification, race and ethnicity, aging, the economy, politics and government, family, religion, education, health and medicine, population and urbanization, collective behavior and social movements, and social change. An excellent resource for professionals in the field of sociology, this book is also an excellent read for non-academic hobbyists and life-long learners.

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Seeing Sociology in your Everyday Life With a complete theoretical framework and a global perspective, Society: The Basics, 13/e offers students an accessible and relevant introduction to sociology. John Macionis, author of the best-selling Introductory Sociology franchise over the last three decades, empowers students to see the world around them through a sociological lens, helping them to better understand their own lives. This informative, engaging, and entertaining title will change the way readers see the world and open the door to many new opportunities. MySocLab is an integral part of the Macionis learning program. Engaging activities and assessments provide a teaching a learning system that helps students see the world through a sociological lens. Pearson offers its titles on the devices students love through Pearson's MyLab products, CourseSmart, Amazon, and more. 0205983308 / 9780205983308 Society: The Basics PLUS NEW MySocLab with Pearson eText -- Access Card Package Package consists of: 0205206530 / 9780205206537 NEW MySocLab with Pearson eText -- Valuepack Access Card 0205982514 / 9780205982516 Society: The Basics

Despite the apparent advances since the civil rights era, America remains fundamentally racist, argues award-winning author Joe Feagin. Racist America is a bold, thoughtful exploration of the ubiquity of race in contemporary life. From a black New Jersey dentist stopped by police more than 100 times for driving to work in an expensive car to the labourer who must defend his promotion against charges of undeserved affirmative action, Feagin lays bare the economic, ideologic, and political structure of American racism. In doing so he develops an antiracist theory rooted not only in the latest empirical data but also in the current reality of racism in the U.S.

Learn the value of football to American society No sport reflects the American value system like football. Visitors to the United States need only watch a game or two to learn all they need to know about the American way of life and the beliefs, attitudes, and concerns of American society. Football and American Identity examines the social conditions and cultural implications found in the football subculture, represented by core values such as competition, conflict, diversity, power, economic success, fair play, liberty, and patriotism. This unique book goes beyond the standard fare on football strategy and history, or the biographies of famous players and coaches, to analyze the reasons why the game is the essence of the American spirit. Author Gerhard Falk, Professor of Sociology at the State University College of New York at Buffalo, examines football as a game, as a business, and as a reflection of the diversity in American life. Football and American Identity also addresses the relationship between football and the media, with much of the game's income generated by advertising and endorsements, and examines the presence of crime in football culture. The book discusses the development of the game—and those involved in it—at the Pop Warner, college, and professional levels, examining the social origin of players, coaches, cheerleaders, and owners. In addition, Football and American Identity analyzes the game's fans and their devotion to "their" teams, examines why Pennsylvania is considered the "mother" of American football, and looks at the National Football League and its commissioners. Football and American Identity examines: how individualism and achievement can lead to mythological status why a person's occupation is the most important indicator of prestige in the United States what the consequences are of earning more in a year than most Americans make in a lifetime why equality is vital to the ethnic make-up of American football teams why teamwork is important—in football and in industry how freedom is essential for taking the risks necessary for success and much more! Football and American Identity is an inside look at football as an American cultural phenomenon. Devoted and casual fans of the game, as well as academics working in sociology, will find this unique book interesting, entertaining, and thought-provoking.

Looking for a textbook with simplified terminology and endless study helps? SOCIOLOGY OF DEVIANT BEHAVIOR hits the hot topics from terrorism to white-collar crime and shows you how sociological theory explains them. Now in its 13th edition, this textbook continues to be the best of its kind on the market. After you use its study guides and get the grade you need, you'll see why.

For courses in Introductory Sociology See sociology in everyday life Society: The Basics utilizes a complete theoretical framework and a global perspective to offer students an accessible and relevant introduction to sociology.
