Ideal for medical students, interns and residents, the latest edition of this portable quick-reference**part of the popular Pocket Medicine series, prepared by residents and attending physicians**has been updated with new contributors and information on pediatric disorders and problems encountered in any clinical situation, including the ICU. The book is heavy on bulleted lists, tables, and algorithms, and the small size means it can fit snugly in anyone's white coat pocket!

"Both the challenges and opportunities facing organizations of all sizes today are greater than ever. Illegal immigration across the U.S.-Mexico border has reached emergency levels. There is less room than ever for error today in the formulation and implementation of a strategic plan. This textbook provides a systematic effective approach for developing a clear strategic plan. Changes made in this twelfth edition are aimed squarely at illustrating the effect of this new world order on strategic-management theory and practice. ... This twelfth edition provides updated coverage of strategic-management concepts, theory, research, and techniques in the chapters."--Preface.
