Home - Böhm Stirling-Technik (en)

This book contains plans for 6 of Rudy's steam engines including a walking beam engine, marine engine, mill engine and horizontal steam engine. The plans are very clear and there is a colour photo of a completed engine at the start of each chapter. As always with Rudy's designs - no castings are needed. However, please note, this book contains only plans, no machining instructions are included. Model Stirling Engines. Rudy Kouhoupt. 0-941653-26-9. More nice designs from Rudy.

---

Book Reviews - Steve's workshop

This book is simply the drawings for three small Stirling Engines. There is a nice beginners model and then two slightly more advanced versions. All are built from dimensional steel, aluminum, and brass. No castings required. There is no text on how the engines are built or perform and no theory presented. Just drawings for three small engines.
