Despite being abandoned by the international community, despite suffering a crime so monstrous as to strip their awareness of their own humanity, somehow, some enslaved men regain their dignity, some enslaved women learn to trust men, and some enslaved children

Champions and skeptics explore the fissures and fault lines that surround efforts to fight modern slavery and human trafficking today. These include: whether efforts to fight modern slavery displace or crowd out support for labor and migrant rights; whether and to what extent efforts to fight modern slavery mask, naturalize,
