## Unit 4 Moving Straight Ahead - 7th Grade Math

Moving Straight Ahead. Investigation 4. In Investigation 4, students will be able to: Explore the concept of slope as the ratio of vertical change to horizontal change between two points on a line or ratio of rise over run. Make the connection between slope and rate of change.

## MSA Investigation 4 - Mr. Bennett's 8th Grade Math

74 Moving Straight Ahead Problem 4.2 Finding the Slope of a Line A. The graphs, tables and equations all represent linear situations. 1. Find the slope and y-intercept of the line represented in each situation. 2. Write an equation for each graph and table. B. The points (3, 5) and (-2, 10) lie on a line. Find two more points that lie on this line.
