by introducing its first personalized digital learning experience with Roger Kamien's *Music: An Appreciation, Brief Edition*. Using this market-leading instrument that brings great music to the course in more ways than ever before, students are now transformed into active participants in the Music Appreciation space. The result is active listening, active reading, and active learning. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, so that your class time is more engaging and effective. It provides tools that make assessment easier, learning more engaging, and studying more efficient.

Through eight editions, Roger Kamien's *Music: An Appreciation* has become the most widely used text for Music Appreciation and Introduction to Music Literature courses. The author has approached his new ninth edition with the goal of re-examining the scholarship and refreshing the repertoire while maintaining the strengths that have made the book number one--the clear presentation of musical elements, the vivid depiction of music history, the carefully chosen musical examples, the detailed and informative Listening Outlines, and the unsurpassed supplements package.

*Musical Theater: An Appreciation, Second Edition* offers a history of musical theater from its operating origins to the Broadway shows of today, combined with an in-depth study of the musical styles that paralleled changes on stage. Alyson McLamore teaches readers how to listen to both the words and the music of the stage musical, enabling them to understand how all the components of a show interact to

create a compelling experience for audiences. This second edition has been updated with new chapters covering recent developments in the twenty-first century, while insights from recent scholarship on musical theater have been incorporated throughout the text. The musical examples discussed in the text now include detailed listening guides, while a new companion website includes plot summaries and links to audio of the musical examples. From Don Giovanni to Hamilton, *Musical Theater: An Appreciation* both explores the history of musical theater and develops a deep appreciation of the musical elements at the heart of this unique art form.

Music moves through time; it is not static. In order to appreciate music we must remember what sounds happened, and anticipate what sounds might come next. This book takes you on a journey of music from past to present, from the Middle Ages to the Baroque Period to the 20th century and beyond!

*Music Appreciation for the Elementary Grades: Book 1* will introduce children to seven different composers, dating from 1685 to 1828 (Bach, Handel, Haydn, Mozart, Beethoven, Paganini and Schubert). Each composer's childhood and adult life are vividly described in individual biographies. Every important incident is mentioned and every detail of the stories is true. Each book contains written music and delightful pictures throughout. It is more than the human side of these books that will make them live, for in the music the great masters breathe. This book includes a variety of hands-on activities such as: geography lessons, history lessons,
