Operation Manna - The  
Timeline Saga. In the  
immediate aftermath of the  
catastrophe of the Cuban  
Missiles War of October 1962  
the British government and

of the country after the  
hammer blows which had  
obliterated London,  
Liverpool, Chatham,  
Gravesend, Canterbury and  
half-wrecked others.

Timeline 10/27/62 is set in a world in which the Cuban Missiles Crisis went wrong and the swinging '60s never happened. The thermonuclear madness might not have reached as far south as Australasia, but in the weeks and months after the Cuban Missiles War, many more people might have succumbed to the "On the Beach" syndrome had it not been for the distraction of

CROW ON THE CRADLE - the 10th book in the Timeline 10/27/62 Series is released on 27th October.
