Norma Fox Mazer's remarkable story of two sisters fighting to survive against a world without caring. In the sad, shabby trailer where Em Thurkill lived her first fourteen years, suffering her father's alcoholic rages and her mother's deathly silence, and in the three she lived trapped with her violent, unstable sister, there seems more than enough to end even the dream of hope. Yet Em Thurkill's story is a story of how hope outlives brutality. It is a story of one girl's sweetness, and almost unbearable pain. Heartbreaking, mesmerizing, and ultimately transcendent, this novel is a tribute to the astonishing resilience of the human soul.

Take coparenting to the next level and provide a stable environment for your children as you and your spouse begin tackling your separation or divorce. For parents who are separating and want to put their children first, birdnesting could be the interim custody solution you've been looking for. Instead of the children splitting their time being shuttled between mom and dad's separate homes, birdnesting allows the children to stay in the "nest" and instead, requires mom and dad to swap, allowing each parent to stay elsewhere when not with the children. Initially popularized by celebrities, this method of coparenting is now becoming more mainstream as a way to help ease children into a new family dynamic. Birdnesting takes work and commitment but with Dr. Ann Gold Buscho's guidance, you'll learn everything you need to know about this revolutionary method. In The Parent's Guide to Birdnesting, you will discover the pros and cons, the financial and interpersonal considerations, and if it's the right decision for you and your family.

In this #1 New York Times bestselling novel of first love and second chances, former high school sweethearts confront the painful truths of their past to build a promising future -- together. "Everyone wanted to believe that endless love was possible. She'd believed in it once, too, back when she was eighteen." In the spring of 1984, high school students Amanda Collier and Dawson Cole fell deeply, irrevocably in love. Though they were from opposite sides of the tracks, their love for one another seemed to defy the realities of life in their small town in North Carolina. But as the summer of their senior year came to a close, unforeseen events would tear the young couple apart, setting them on radically divergent paths. Now, twenty-five years later, Amanda and Dawson are summoned back home for the funeral of Tuck Hostetler, the mentor who once gave shelter to their high school romance. Neither has lived the life they imagined . . . and neither can forget the passionate first love that forever changed their lives. As Amanda and Dawson carry out the instructions Tuck left behind for them, they realize that everything they thought they knew -- about Tuck, about themselves, and about the dreams they held dear -- was not as it seemed. Forced to confront painful memories, the former lovers will discover undeniable truths about the choices they have made. And in the course of a single, searing weekend, they will ask of the living, and the dead: Can love truly rewrite the past?

The author recommends one hundred of the best books for children, including a variety of works to suit diverse interests, reading levels, and special needs, while also revealing the sometimes humorous process she undertook in choosing entries for the list.

A bighearted novel about falling in love, making a mess, and learning to let go, When You Get the Chance is the next effervescent novel from Emma Lord, New York Times bestselling author of the Reese Witherspoon YA Book Club pick You Have a Match. Nothing will get in the way of Millie Price's dream of becoming a Broadway star. Not her lovable but super introverted dad, who raised Millie alone since she was a baby. Not her drama club rival, Oliver, who is the very definition of Simmering Romantic Tension. And not her "Millie Moods," the feelings of intense emotion that threaten to overwhelm. Millie needs an ally. And when an accidentally left-open browser brings Millie to her dad's embarrassingly moody LiveJournal from 2003, Millie knows just what to do—find her mom. But how can you find a new part of your life and expect it to fit into your old one without leaving any marks? And why is it that when you go looking for the past, it somehow keeps bringing you back to what you've had all along? "Chock-full of musical theater references and humor, the novel includes high-stakes emotional drama that is balanced by supportive friendships and strong, deep family connections...An entertaining personal journey with plot twists galore." - Kirkus Reviews

"This is the book parents have been waiting for"—Michael Thompson, coauthor of Raising Cain. The book that is "helpful, hopeful, and engaging"—Jeanne Brooks-Gunn, Ph.D., Columbia University. It is the book that addresses the new reality for parents of kids in their 20s and the issues that everyone in the media is talking about: When will this new generation of 20-somethings leave home, find love, start a career, settle down—grow up? And it's the book that will soothe your nerves. It's loaded with information about what to expect and guidance on what to do when problems arise (as they probably will). In other words, this is the book parents need—Getting to 30, by Jeffrey Jensen Arnett, the world's leading authority on the post-adolescent phase he named emerging adulthood, and Elizabeth Fishel, author of Sisters and other books. As Getting to 30 shows, the road to adulthood is longer than we think—and, for parents, bumpier. It explains what's really happening to your 18- to 29-year-old, including the story behind your child's moods. The phenomenon of the boomerang child—and why it's actually a good thing, for parents and kids. The new landscape of 20-something romance. And it gives all the tools parents need to deal with the challenges, from six ways to listen more than you talk, to knowing when to open (and close) the Bank of Mom and Dad while saving for retirement, to figuring out the protocol for social media. Published in hardcover as When Will My Grown-Up Kid Grow Up?, Getting to 30 includes the latest research on the optimistic and supportive attitude most parents have regarding their 20-something children.

From the #1 New York Times best-selling author of The Darkest Minds comes a sweepingly ambitious, high-octane tale of power, destiny, love, and redemption. Every seven years, the Agon begins. As punishment for a past rebellion, nine Greek gods are forced to walk the earth as mortals. They are hunted by the descendants of ancient bloodlines, all eager to kill a god and seize their divine power and immortality. Long ago, Lore Perseous fled that brutal world, turning her back on the hunt's promises of eternal glory after her family was murdered by a rival line. For years she's pushed away any thought of revenge against the man—now a god—responsible for their deaths. Yet as the next hunt dawns over New York City, two participants seek her out: Castor, a childhood friend Lore believed to be dead, and Athena, one of the last of the original gods, now gravely wounded. The goddess offers an alliance against their mutual enemy and a way to leave the Agon behind forever. But Lore's decision to rejoin the hunt, binding her fate to Athena's, will come at a deadly cost—and it may not be enough to stop the rise of a new god with the power to bring humanity to its knees.
