### A guide to how to pay off your mortgage early | This is Money

No. Buying a home in the first place is investing in the property market. Repaying your mortgage more quickly is paying off an outstanding debt. While the two acts are part of the same thing, by repaying your mortgage more quickly you're not altering the state of your investment - your house is neither more nor less likely to rise or fall in value.

### Should I overpay my mortgage? - MoneySavingExpert

Before overpaying your mortgage, check that your lender allows you to overpay it penalty-free, and if there are any limits as to how much you can overpay. Ensure that any overpayment you make goes to reduce the debt (so shortening the term) rather than reducing your monthly payments. This calculator assumes you reduce the mortgage debt, which is the main benefit of overpaying.

### Mortgage Overpayment Calculator: Pay off your debt early?...

The concept of a biweekly mortgage payment is pretty simple. You make half of your mortgage payment every two weeks. That results in 26 half-payments, which equals 13 full monthly payments each year. Use the mortgage payoff calculator and see how fast you can pay off your home!
