The story briefly focuses in on a young man hunting the mythical phoenix, whose blood is said to grant eternal life. A character focused on the hunt for the phoenix and immortality is a recurring aspect of many volumes in the series. In this case, the first hunter meets a swift end as we switch to his young brother, Nagi.

The blood is believed to grant eternal life, but immortality in Phoenix is either unobtainable or a terrible curse, whereas Buddhist-style reincarnation is presented as the natural path of life. The stories spring back and forth through time; the first, Dawn, takes place in ancient times, and the second, Future, takes

With grand historical sweep, this self-contained opening volume of Osamu Tezuka's acclaimed Phoenix saga is an epic account of the human spirit in a time of chaos and warfare, where would-be warrior Nagi and his crew struggle against the elements, invaders, and history itself. -- VIZ Media

In A.D. 663 a soldier named Harima is punished by being given the visage of a wolf. Rescued by a mysterious old woman, he is tormented by nightmares and gradually senses the spirit of Bando Suguru, a 21st century agent who fights on behalf of banished humans. Sun is the longest chapter in the Phoenix series, and its structure is threefold. Harima's story in 7th century Japan is interwoven with one set in the 21st century, while another tale of a spiritual battle bridges both past and future. -- VIZ Media

This third volume of Osamu Tezuka's acclaimed Phoenix saga contains two self-contained stories, one set in Japan's turbulent past, the other in the far-flung future. Yamato is a bloody Shakespearean morality play, where betrayal heaps upon betrayal. Space is a trip into outer and inner space featuring some of Tezuka's most innovative layouts ever. -- VIZ Media

Sixteen tales by bestselling and award-winning authors that explore the Black experience through fantasy, science fiction, and magic. With stories by: Elizabeth Acevedo, Amerie, Patrice Caldwell, Dhonielle Clayton, J. Marcelle Corrie, Somaiya Daud, Charlotte Nicole Davis, Justina Ireland, Alaya Dawn Johnson, Danny Lore, L. L. McKinney, Danielle Paige, Rebecca Roanhorse, Karen Strong, Ashley Woodfolk, and Ibi Zoboi. Evoking Beyoncé's Lemonade for a teen audience, these authors who are truly Octavia Butler's heirs, have woven worlds to create a stunning narrative that centers Black women and gender nonconforming individuals. A Phoenix First Must Burn will take you on a journey from folktales retold to futuristic societies and everything in between. Filled with stories of love and betrayal, strength and resistance, this collection contains an array of complex and true-to-life characters in which you cannot help but see yourself reflected. Witches and scientists, sisters and lovers, priestesses and rebels: the heroines of A Phoenix First Must Burn shine brightly. You will never forget them.

New York Times and USA Today bestselling authors Mercedes Lackey and James Mallory teamed up to write The Obsidian Trilogy, set in a wondrous world filled with magical beings, competing magic systems, and a titanic struggle between good and evil. That world proved so popular with the creators and readers alike that Lackey and Mallory have returned to it with The Phoenix Unchained, Book One of the Enduring Flame, the opening volume of a new epic fantasy trilogy. After a thousand years of peace, much Magick has faded from the world. The Elves live far from humankind. There are no High Mages, and Wild Mages are seen only rarely. Bisochim, a powerful Wild Mage, is determined to reintroduce Darkness to the world, believing that it is out of Balance. Tiercel, a young Armethalian nobleman, is convinced that High Magic is not just philosophy. He attempts a spell—and draws the unwelcome attention of Bisochim. Tiercel survives Bisochim's attack and begins trying to turn himself into a High Mage. Next in line to be Harbormaster of Armethalieh, Harrier instead finds himself regularly saving Tyr's life and meeting magical people and creatures. To Harrier's dismay, it seems that he must become a hero. In The Phoenix Unchained, Harrier and Tiercel begin a marvelous journey to uncover their destinies. Along the way, they meet a charming female centaur, several snooty Elves, and the most powerful dragon their world has ever known. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

There's a sacred and hidden path inside each one of us, a path of mysteries and amazing manifestations, where nothing is impossible, not even our wildest spiritual creations. This is the realm of impossibilities, where imagination is carried away by a spiritual insight, which is here referred as the phoenix. The allegory inside this book takes us to a subconscious realm, that can lead us to the most uplifting and unknown side of ourselves, but also to other realities as well, namely, the ones that are parallel to ours, and also other dimensions and galaxies. It is with this allegory of the phoenix that we understand the role of the dragons and serpents of our planet, and how they interfere in the Tao of our existence. As a dance of forces, vibrations of different natures, these symbols and concepts take us to the deepest truth within, of who we are and how far can we go. This is a book about the adventures of our soul, the journey within that so many Shamans live to explore. It's also about a path that all spiritualists and gurus have experienced, a path that some have called nirvana, enlightenment or awaking, but few have ever had the ability to fully describe in a way that can be perceived by the common mortal. The Native Americans have often told us about the spirit of the eagle that keeps guard over the spiritual world. This eagle, or big bird, is representative of another living force, which is the phoenix, the bird of fire. This is why many mystics of ancient times believed that only fire could take souls to another world. The fire purifies the body, but the most potent fire comes from within, as an energy that we burn with our conscious awareness. This is the fire that Buddhists, Taoists and Hindus persist in awakening from within, commonly using disciplines created specifically for this purpose, such as yoga, chikung and meditation. This fire represents the power of our own spirituality, which most people are unaware to possess. As mortals and genetically manipulated slaves of a few alien species, we've lost the physical capability to ignite it. But the phoenix can help us reach it, through the spiritual nature that is within each one of us. The one who can ride the phoenix, can travel very far, to amazing lands. And these are the ones that often come back, when they choose to, as our prophets and religious leaders. This book describes their journey to Valhalla, Heaven, Paradise, or more simply, the Laboratory of God.

The cosmic cycle of life, death and rebirth begins as the Phoenix Force debuts! When Marvel Girl sacrifices herself to save the X-Men, she rises again...as Phoenix! Jean Grey has somehow attained power beyond conception, but Cyclops and the X-Men can only watch as Phoenix is corrupted, absolutely. As the team faces the Shi'ar Empire, Hellfire Club and more, can Jean Grey be redeemed? Chris Claremont, Dave Cockrum and John Byrne weave a galaxy-spanning tale of triumph and tragedy that changed everything for the X-Men, the Marvel Universe -- and all of comics! The full, original Dark Phoenix Saga is presented alongside bonus tales illuminating Jean Grey's defining story!

Wolf-faced warrior Harima fights on behalf of the once-deified Ku tribe, who are persecuted as demonic after the introduction of Buddhism to Japan. This conflict is mirrored in the 21st century, when Harima's counterpart, Bando Suguri, fights against an oppressive Phoenix-worshipping group. Sun is the longest chapter in the Phoenix series, and its structure is threefold. Harima's story in 7th century Japan interweaves with that taking place in the 21st century, while another tale of a spiritual battle bridges both past and future. -- VIZ Media

Considered by many to be one of the finest works of Japanese comics art ever produced, Phoenix: Future is a rollicking space-age adventure, an apocalyptic cautionary tale, a fable of human frailty and triumph, and a fantastic voyage through time, space, and the macroverse. Above all it is a great love story, an epic account of Class II Space Patrolman Masato's tragic, undying love for the doomed beautiful alien "moopie," Tamami. Told in bold layouts and mind-warping page designs that revolutionized Japanese comics, this is the work of the greatest manga artist of them all, Osamu Tezuka, soaring at the height of his powers. -- VIZ Media

In the 25th century, Romy and her husband George purchase the planet Eden 17 from an unscrupulous space real estate agent. Unfortunately, their dream planet turns out to be an arid wasteland. During their desperate search for water, George is killed, leaving Romy and her unborn child to survive on their own. How far will Romy go to build a civilization on Eden 17?! -- VIZ Media
