This is the story of the handheld PDA and its development. Originally an idea of Jeff Hawkins, he brought Donna Dubinsky on board as CEO to start a company to develop what became the Palm Pilot. Along the way both struggle to get enough capital to continue to make the product a success. They eventually get backing from

Piloting Palm : the inside story of Palm, Handspring, and ...

In the story of Palm, it seems there is no escaping Sony. Before there was the famous block of wood (which is finally pictured in this book) that Jeff Hawkins carved to fit his shirt pocket and carried around as his embryonic Pilot, he was finding inspiration in a Sony handheld (probably the InfoCarry) that was never sold in the United States.
