Didion's central argument throughout the essays in Political Fictions is that our democratic elections (and the entire apparatus that surround them) are only nominally connected to the electorate itself. She argues only a small percentage of the population has become the deciding element in elections, this outcome is favorable to political elites (as the population they must appeal to becomes much more manageable), and this outcome was actively contributed to by the political media.

~~Political Fictions by Joan Didion — Goodreads~~

Political Fictions. In these coolly observant essays, Joan Didion looks at the American political process and at "that handful of insiders who invent, year in and year out, the narrative of public life." Through the deconstruction of the sound bites and photo ops of three presidential campaigns, one presidential impeachment, and an unforgettable sex scandal, Didion reveals the mechanics of American politics.

Joan Didion (/ ˈ d ɪ d i ː n /; born December 5, 1934) is an American writer who launched her career in the 1960s after winning an essay contest sponsored by Vogue magazine. Didion's writing during the 1960s through the late 1970s engaged audiences in the realities of the counterculture of the 1960s and the Hollywood lifestyle. Her political writing often concentrated on the subtext of ...
