E-Professionalism for Early Care and Education Providers

In early British and American analyses, professionalism was identified as an occupational value that was important for the stability and civility of social systems. In those interpretations, professional relations were characterized as collegial , cooperative , and mutually supportive.

professionalism | Definition, Theories, & Facts | Britannica

Professionalism refers to the utilization of specialized knowledge that its members need to accomplish specific outcomes. It involves a shared set of skills that are used to improve the quality of caregiving practices and interactions between professional caregivers and the children and families that they work with in their respective programs.

Professionalism in early care and education | SpringerLink

The first few years of a young child's life, from birth to four years old, are very critical to his/her overall development, due to most of the time, teacher professionals are individuals who play the key and an active role in their early childhood development are teacher professionals who have a passion and a genuine desire to help them learn, grow and succeed in their education.

Professional Development in Early Childhood Education ...

Professionalism is a contemporary issue, acquiring a high profile in education and more recently in early years education and care. However, the emphasis appears to be on deriving a body of standards or competencies that teachers, early years professionals, integrated centre managers need to acquire – rather than what it is to be a professional.

Dimensions of early years professionalism - attitudes ...

Teachers of young children work hard to be professional and to be viewed by others as professionals. These efforts to maintain professionalism must include e-professionalism. E-professionalism involves behavior related to professional standards and ethics when using electronic communication (Evans & Gerwitz, 2008).
