View the Albuquerque Police Department's Standard Operating Procedures (SOP). The following details describe the status of the policy while it goes through the policy development process:

Many times, non-profit organizations are very good at fundraising and running their organizations. Many non-profits have limited documentation on their daily procedures, such as operations, events, or fundraising. They have inadequate documentation of how their organization operates. Many non-profits lack an essential part

Download File PDF Standard Operating

of their policy and procedures, the Standard Operating Procedure manual (SOP). A non-profit organization should have an SOP for the functionality of their organizations. This thesis project discusses why non-profit organizations should develop and incorporate an SOP into their organization's policy and procedures. This thesis also discusses the validity, importance, and advantages of creating an SOP for their organization. This thesis used the qualitative research method and the descriptive method to prove that using a Standard Operations Procedures manual in a non-profit organization will enable the organization to run professionally and more efficiently. This thesis

Procedure Manual

project will use interview questions and survey results to prove the argument that non-profit organizations should use an SOP. There is also a sample of the SOP manual from an existing non-profit organization.

According to John Warrillow, the number one mistake entrepreneurs make is to build a business that relies too heavily on

Download File PDF Standard Operating Procedures Manual

them. Thus, when the time comes to sell, buyers aren't confident that the company—even if it's profitable—can stand on its own. To illustrate this, Warrillow introduces us to a fictional small business owner named Alex who is struggling to sell his advertising agency. Alex turns to Ted, an entrepreneur and old family friend, who encourages Alex to pursue three criteria to make his business sellable:

- * Teachable: focus on products and services that you can teach employees to deliver.
- * Valuable: avoid price wars by specialising in doing one thing better than anyone else.
- * Repeatable: generate recurring revenue by engineering products that customers have to repurchase often.
