life of the modern Indian woman a woman who organizes dinner each evening after having been at work all day, who runs her own life but has to listen to her mummyji, who worries about her weight and the state of the country. Based on Twinkle Khanna ' s super-hit column, Mrs Funnybones marks the debut of one of our funniest, most original voices.

In her second book, award-winning actor Divya Dutta recounts her experiences with some of the stalwarts of Bollywood who played a significant role in her film journey. She talks about the inspirations they have proved to be in her life through what they did for her and what she learnt from them. From winning an acting scholarship with Sonali Bendre to sharing a vanity van with Juhi Chawla and her bond with Shabana Azmi, she tells it all with rare candour and humility. Her interactions with stars like Irfan Khan, Amitabh Bachchan, Rakeysh Mehra and many more shows not only the deep impact they had on her life but also how that defined the trajectory of her own career.

The Vijay Mallya Story is an extraordinarily detailed and lively chronicle of the life of one of India ' s most celebrated and reviled businessmen—Vijay Mallya. His extraordinary career spans three decades and is spread across multiple industries. The book covers Mallya ' s childhood, his relationship with his father and his inherent deal making abilities. It tracks his meteoric rise with Kingfisher and how the airline led to his downfall. K. Giriprakash has closely followed Vijay Mallya ' s career over the last two decades which gives him a unique vantage point to draw an extraordinary portrait of a man whom everyone is fascinated by but not many know.

No one knows she's crippled by impostor syndrome and tempted to pack it all in each time her boss mentions her “urban vibe.” Her husband thinks they're trying for a baby. She's not. A poignant, dazzling debut novel about a woman who longs to be a mother and the captivating yet troubled child she and her husband take in. What is the cost of motherhood? When *The Risk of Us* opens, we meet a forty-something woman who deeply wants to become a mother. The path that opens up to her and her husband takes them through the foster care system, with the goal of adoption. And when seven-year-old Maresa--with inch-deep dimples and a voice that can beam to the moon--comes into their lives, their hearts fill with love. But her rages and troubles threaten to crack open their marriage. Over the course of a year, as Maresa approaches the age at which children become nearly impossible to place, the couple must decide if they can be the parents this child needs, and finalize the adoption--or, almost unthinkably, give her up. For fans of Jenny Offill and Rachel Cusk, *The Risk of Us* deftly explores the inevitable tests children bring to a marriage, the uncertainties of family life, and the ways true empathy obliterates our defenses.
