The first edition of the collected poetry and prose of the Restoration feminist, Mary, Lady Chudleigh (1656-1710), this volume includes *The Ladies Defence* as well as her final prose meditations. New biographical and bibliographical information in the Introduction revises the existing accounts of her life and literary career. The volume makes available for the first time the complete range of Chudleigh's literary experiments and calls for a reassessment of the image of the woman writer of the Restoration. A friend of John Dryden and Mary Astell, Chudleigh experimented with a variety of literary forms, from satire to biblical paraphrase, but always maintained her belief in the importance of education for women and the necessity for self-determination.

This text offers a clear presentation of the principles of engineering mechanics: each concept is presented as it relates to the fundamental principles on which all mechanics is based. The text contains a large number of actual engineering problems to develop and encourage the understanding of important concepts. These examples and problems are presented in both SI and Imperial units and the notation is primarily vector with a limited amount of scalar. This edition combines coverage of both statics and dynamics but is also available in two separate volumes.

Tune in and tone down piano-shopping stress. Unfamiliar with manufacturers, manufacturing methods, materials, or price ranges, the piano buyer can still educate himself before making the big investment, saving time, money, and frustration. This is the first book written by salespeople that dispels myths and airs dirty tricks, making it an easy-to-use buyer's guide for all the well known, and many of the not-so-well known, piano models. \*How to choose from new or used, digital or acoustic, upright, grand, hybrid, or player pianos \*Nearly half a million pianos are purchased annually in the United States, with Americans spending nearly \$1.7 billion a year on them \*Piano technicians and teachers require this accurate information to dispense advice on buying

All the fundamentals. No fluff. Learn more with less! A truly revolutionary American Government textbook, Christine Barbour's *AmGov: Long Story Short*, responds to the needs of today's students and instructors through brevity and accessibility. The succinct ten chapters are separated by tabs that make it easy to skim, flip, revisit, reorient, and return to content quickly. Reading aids like bullets, annotations and arrows walk students through important facts and break up the material in short, engaging bites of information that highlight not only what is important but why it's important. Though brief, this core book is still robust enough to provide everything that students need to be successful in their American Government course. Whether for the on-the-go student who doesn't have time to read and digest a lengthy chapter, or the instructor who wants a book that will stay out of their way and leave room for plenty of supplementary reading and activities, *AmGov* provides a perfectly simplified foundation for a successful American Government course.

Amelia Kurt was different. And she knew it. That didn't stop her from loving her best friend, Annabelle Johnson. They spent an entire summer making love, and growing into what was promising to be the only relationship either ever knew. Then, one day, the unexpected happens. Anna disappears. No reason, no forwarding address, no number. She was simply gone. Eleven years later, Anna returns. Her truth is heartbreaking but it's only the beginning of their journey to recovery.

Real Stories, Real Cars, Real Owners This is our Monthly Car Magazine. Also available as a Kindle Version, All these stories are from the actual owners of the cars, they will tell you about their life in the car street scene, a full description about their car and what they have done to make them look and drive like no others, what inspires them, some handy tips and advice for anyone thinking of buying the same car. We invite anyone and everyone with a high spec or modified car to submit their car and their story to feature in this magazine and also our online MAG [stanceauto.co.uk](http://stanceauto.co.uk). Why don't you come along and join us on our Facebook group and get to know us and some of the owners, ask questions and submit your own car, you'll find we are all very friendly, this is a community for us all.
