[Post-]Yugoslav anti-war contention has remained a blind spot in East European sociological scholarship. More than a decade after the end of the wars of Yugoslav succession, very little is known about the processes through which the imminence of an armed conflict awakened dormant social networks and strengthened the existing activist circles or created new ones. This study systematically illuminates (post-)Yugoslav anti-war engagement as an important and up-to-now neglected aspect of the complex process of Yugoslavia’s dissolution. With its distinctly trans-national approach, the book recovers the relevance of various forms of civic organizing in former Yugoslavia for the anti-war contention which unfolded before, during, and after the wars of Yugoslav succession. Resisting the Evil is a collective endeavor of a group of contributors coming from all the republics of former Yugoslavia. It, thus, offers a look from within which has been conspicuously missing from the regional sociology. Almost all of the contributors combine rigorous theoretical reflection with empirically rich accounts stemming from their own activist experience in the (post-)Yugoslav anti-war and peace initiatives. (Series: Southeast European Integration Perspectives - Vol. 7)

In mid-1989, the Bulgarian communist regime seeking to prop up its legitimacy played the ethnonational card by expelling 360,000 Turks and Muslims across the Iron Curtain to neighboring Turkey. It was the single largest ethnic cleansing during the Cold War in Europe after the wrapping up of the postwar expulsions (‘population transfers’) of ethnic Germans from Central Europe in the latter half of the 1940s. Furthermore, this expulsion of Turks and Muslims from Bulgaria was the sole unilateral act of ethnic cleansing that breached the Iron Curtain. The 1989 ethnic cleansing was followed by an unprecedented return of almost half of the expellees, after the collapse of the Bulgarian communist regime. The return, which partially reversed the effects of this ethnic cleansing, was the first-ever of its kind in history. Despite the unprecedented character of this 1989 expulsion and the subsequent return, not a single research article, let alone a monograph, has been devoted to these momentous developments yet. However, the tragic events shape today’s Bulgaria, while the persisting attempts to suppress the remembrance of the 1989 expulsion continue sharply dividing the country’s inhabitants. Without remembering about this ethnic cleansing it is impossible to explain the fall of the communist system in Bulgaria and the origins of ethnic cleansing during the Yugoslav wars. Faltering Yugoslavia’s future ethnic cleansers took a good note that neither Moscow nor Washington intervened in neighboring Bulgaria to stop the 1989 expulsion, which in light of international law was then still the legal instrument of ‘population transfer.’ The as yet unhealed wound of the 1989 ethnic cleansing negatively affects the Bulgaria’s relations with Turkey and the European Union. It seems that the only way out of this debilitating conundrum is establishing a truth and reconciliation commission that at long last would ensure transitional justice for all Bulgarians irrespective of language, religion or ethnicity.

This inspired bio musical about The One and Only begins with Groucho as an old man doing his famous Carnegie Hall show. It then goes back to the beginnings of the Marx Brothers and their struggles to make it in vaudeville, their rise to stardom and their eventual break up. All classic Groucho songs are included. One actor plays Groucho, another plays Chico and Harpo, and one actress plays all the wives, girlfriends and Margaret Dumont. A hit in New York, across the U.S. and in London, this show will delight Marx Brothers fans and the as yet uninitiated.

THE DEFINITIVE EDITION • Discovered in the attic in which she spent the last years of her life, Anne Frank’s remarkable diary has since become a world classic—a powerful reminder of the horrors of war and an eloquent testament to the human spirit. Updated for the 75th Anniversary of the Diary’s first publication with a new introduction by Nobel Prize-winner Nadia Murad “The single most compelling personal account of the Holocaust ... remains astonishing and excruciating.”—The New York Times Book Review In 1942, with Nazis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding. For the next two years, until their whereabouts were betrayed to the Gestapo, they and another family lived cloistered in the “Secret Annex” of an old office building. Cut off from the outside world, they faced hunger, boredom, the constant cruelties of living in confined quarters, and the ever-present threat of discovery and death. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short.

Piercing research goes beyond the usual arguments against genetic manipulation to show that better crops were never the issue. What bioengineering is really about is a new kind of total serfdom, where the entire world will be in thrall to the likes of Monsanto if they ever want to eat again. Author F. William Engdahl wrote the classic A Century of War, which exposed the hand of Anglo-American petropolitics and hegemonic ambition behind the horrors of the World Wars.

Positioned at the interface between historical sociology, anthropology, and social movement studies, We Were Gasping for Air goes beyond the widely exploited paradigms of nationalism and civil society to track the (post-)Yugoslav anti-war protest cycle which unfolded throughout the 1990s. Drawing upon extensive fieldwork in the region, the book argues that (post-)Yugoslav anti-war activism cannot be recovered without appreciating both the inter- and intra-republican cooperations and contestations in socialist Yugoslavia. (Post-)Yugoslav anti-war undertakings appropriated and developed the already existing social networks and were instrumental for the establishment of present-day organizations devoted to human rights protection, transitional justice, and peace education across the ex-Yugoslav space. Brilliant. Colorful. Visionary. Tenacious. Witty. Since his appointment to the Supreme Court in 1986, Associate Justice Antonin Scalia has been described as all of these things and for good reason. He is perhaps the best-known justice on the Supreme Court today and certainly the most controversial. Yet most Americans have probably not read even one of his several hundred Supreme Court opinions. In Scalia Dissents, Kevin Ring, former counsel to the U.S. Senate's Constitution Subcommittee, lets Justice Scalia speak for himself. This volume—the first of its kind—showcases the quotable justice's take on many of today's most contentious constitutional debates. Scalia Dissentscontains over a dozen of the justice's most compelling and controversial opinions. Ring also provides helpful background on the opinions and a primer on Justice Scalia's judicial philosophy. Scalia Dissents is the perfect book for readers who love scintillating prose and penetrating insight on the most important constitutional issues of our time.

This volume seeks to investigate how humour translation has developed since the beginning of the 21st century, focusing in particular on new ways of communication. The authors, drawn from a range of countries, cultures and academic traditions, address and debate how today's globalised communication, media and new technologies are influencing and shaping the translation of humour. Examining both how humour translation exploits new means of communication and how the processes of humour translation may be challenged and enhanced by technologies, the chapters cover theoretical foundations and implications, and methodological practices and challenges. They include a description of current research or practice, and comments on possible future developments. The contributions interconnect around the issue of humour creation and translation in the 21st century, which can truly be labelled as the age of multimedia. Accessible and engaging, this is essential reading for advanced students and researchers in Translation Studies and Humour Studies.
