Provençal cuisine at its best, whether it be petit déjeuner, gouter or diner! (FOOD AND TRAVEL) More sun-drenched recipes, this time from St Tropez, are to be found in Nina Parker's *Nina St Tropez* (£20, W&N). Wonderful recipes, along with beautiful photographs and evocative prose. An elegant taste of the South of France.

An insider's tour of France's most beloved and beautiful villages uncovers the country's hidden treasures. *The Best Loved Villages of France* brings the reader on a tour of forty-four of the country's most treasured destinations. Always picturesque, but often well-kept secrets, the book offers insight into village life and local history. Take a tour of a crumbling medieval fortress with the mayor of Lavardin or peruse the maritime objects found at sea by a mustached fisherman in Saint-Suliac. Stroll along the coast of the Wissant bay windsurfer's paradise or promenade through the manicured grounds of Vaux-le-Vicomte. Watch the sunrise over the fairy-tale castle in Montsoreau or enjoy a fresh langoustine dinner in Piana, Corsica. This book offers an illustrated tour around all twenty-two regions of France, from Provence and the Alps, to Normandy and the Loire. Aerial and intimate photographs invite the reader to explore these splendid locales, while the descriptions, anecdotes, and interviews with local village-dwellers plunge you into the individual history and character of France's diverse regions. The villages featured in the book were selected in a popular vote by the French public and they represent an authentic journey into the heart of France.

Through twenty-five one-day train trips, the author describes outings spanning seven hundred years of French history, including Orléans, Versailles, Place de la Concorde, and Saint-Denis.

LOOK, MAYBE YOU'RE A NICE GIRL, but we're guessing you're more like us or you probably wouldn't have picked up this book. Not that we have a problem with girls who are nice people. But being nice is just not the way to get what you want. And this book is about getting what you want. Not in like a finding happiness, giving back to the world, being grateful for what you have sort of way. But in a ruling your world, being the most desired, powerful badass in the room way, so you can come out on top of any situation: guys, career, friends, enemies, whatever. How does a betch make that happen? Here are some highlights: DON'T BE EASY. DON'T BE POOR. DON'T BE UGLY. We didn't come up with these life lessons. We're just the ones who wrote it all down. This is not self-help. Self-help is for fat people and divorcées. This is how to deal with your problems when you have no problems. You're welcome.

Captures the varied characteristics of the region in a collection of photographs of rural areas, markets, and villages

An "engaging, enthusiastic, sympathetic, funny" journey through French history from the New York Times–bestselling author of *Absolute Monarchs* (The Wall Street Journal). Beginning with Julius Caesar's conquest of Gaul in the first century BC, this study of French history comprises a cast of legendary characters—Charlemagne, Louis XIV, Napoleon, Joan of Arc, and Marie Antoinette, to name a few—as John Julius Norwich chronicles France's often violent, always fascinating history. From the French Revolution—after which neither France nor the world would be the same again—to the storming of the Bastille, from the Vichy regime and the Resistance to the end of the Second World War, *A History of France* is packed with heroes and villains, battles and rebellion—written with both an expert command of detail and a lively appreciation for the subject matter by this "true master of narrative history" (Simon Sebag Montefiore).

Explores the open-air markets of Provence, and includes recipes for Provencal-inspired dishes

Matched only by Hemingway's *A Moveable Feast*, *Paris France* is a "fresh and sagacious" (The New Yorker) classic of prewar France and its unforgettable literary eminences. Celebrated for her innovative literary bravura, Gertrude Stein (1874–1946) settled into a bustling Paris at the turn of the twentieth century, never again to return to her native America. While in Paris, she not only surrounded herself with—and tirelessly championed the careers of—a remarkable group of young expatriate artists but also solidified herself as "one of the most controversial figures of American letters" (New York Times). In *Paris France* (1940)—published here with a new introduction from Adam Gopnik—Stein unites her childhood memories of Paris with her observations about everything from art and war to love and cooking. The result is an unforgettable glimpse into a bygone era, one on the brink of revolutionary change.

A newly designed, updated edition of the classic reference traces the renowned wine expert's tour through the vineyards and cellars of Bordeaux, Provence and other regions, where he made vivid observations of the French countryside and its wines. 20,000 first printing.

Twelve thematic chapters dedicated to the places that define the soul of France offer readers 100 "best of" destinations to the most beautiful, iconic, and evocative cities, sites, and landscapes. Beautifully illustrated with color photographs and regional maps, this book showcases the best of France's myriad delights, guiding us through UNESCO World Heritage sites, splendid castles, beautiful towns, great museums, and natural wonders. illustrated guide reveals France's medieval treasures, gardens, vineyards, and the homes of its most celebrated creatives.
