In this module, you will also be introduced to the Greeks. These people migrated onto the Greek peninsula between 1200 and 1100 BCE, ending Mycenaean dominance there. History is sparse for several hundred years, but a strong Greek culture emerged around 800 BCE. We saw how important tradition and persistent conventions were to the Egyptians.

Ancient Aegean World and Emergence of Greek Civilization ...

Ancient Greek civilization flourished from the period following Mycenaean civilization, which ended about 1200 BCE, to the death of Alexander the Great, in 323 BCE. By that time, Greek cultural influence had spread around the Mediterranean and, through Alexander the Great ' s campaign of conquest, as far afield as India.

The Emergence of the Greek Polis. David Keaton. There is a great deal of controversy surrounding the question of why Greek communities became poleis. Some historians and political analysts found it inevitable. Aristotle, in fact, claimed that the polis was the natural situation for mankind.

The Emergence of the Greek Polis - World History Archive

"The Emergence of the Classical Style in Greek Sculpture represents an original and worthwhile approach to a major turning point in art history from a distinguished young scholar. Well-informed and up-to-the-minute theoretically, this important contribution to ancient studies offers excellent criticisms of individual works of art that begin to reveal the crushing inadequacies of some of our most respected accounts."

The Emergence of Greek Democracy, 800-400 B.C. W.G. Forrest's classic little book is the best account of the political evolution of ancient Greece for general readers & for introductory classes in Greek History. Forrest writes beautifully, if informally, treats evidence fairly & makes complex issues seem clear.
