The Golden Dawn magicians think they're summoning various astral and elemental spirits, but they're actually summoning and binding a bunch of astral parasites...with a 5% chance of attracting a Hound of Tindalos. HIDDEN TREASURES OF THE GOLDEN DAWN Spiritual Insights, Hermetic Teaching and a little Magic A Series by Rick Falconer Volume I: We call thee to the Gentle Light. Foreword by Charles "Chic" Cicero and Sandra "Tabatha" Cicero These volumes are no beginner's guides, for you are no beginner. They form an indispensable spiritual aid as sign posts, lending direction to the traveller with an inclination and interest in the Golden Dawn as a system, promoting a spiritual elevation through a magical discipline. Written a little differently, they do not form a historical account, nor will you find in their context the nature of an academic discourse. This is where these volumes come into their own; written for you from within the system itself as an expression of the spirit for the spirit - your spirit, that they will find you their equal as a companion if you will allow. Complimentary to the teachings within the system and such works as Regardie's Golden Dawn and the Cicero's Self Initiation Manual, they unravel and unveil many a paradox along their way, as you journey through an experiential mystical alchemical infusion. The opportunity is thus upon you through the Great Work to banish the facade of your intellect by continually invoking understanding toward a deeper insight. To disclose the truths to yourself and realise why you are no beginner. As you find yourself to be the unfurling of a rose you have deep down, always known to be."

First published in 1937, Israel Regardie's The Golden Dawn has become the most influential modern handbook of magical theory and practice. In this new, definitive edition, noted scholar John Michael Greer has taken this essential resource back to its original, authentic form. With added illustrations, a twenty-page color insert, additional original material, and refreshed design and typography, this powerful work returns to its true stature as a modern masterpiece. An essential textbook for students of the occult, The Golden Dawn includes occult symbolism and Qabalistic philosophy, training methods for developing magical and clairvoyant powers, rituals that summon and banish spiritual potencies, secrets of making and consecrating magical tools, and much more.

A century ago, Celtic groups descending from the famed Hermetic Order of the Golden Dawn pioneered a fascinating form of ceremonial magic invoking Pagan Celtic powers instead of relying on the more commonly used Judeo-Christian names and symbols. Those groups disappeared many decades ago, and their teachings were lost. But today, their legacy has been reborn. Respected occult author and Grand Archdruid John Michael Greer has re-created a complete magical system based on the Celtic Golden Dawn traditions. This new book provides students with a complete curriculum of Druidical magic and occult wisdom, including training in ceremonial magic, meditation, pathworking, divination, geomancy, and herbal alchemy, allowing self-initiation into the three degrees of Ovate, Bard, and Druid. Structured to resemble a long-lost correspondence course, The Celtic Golden Dawn presents a series of knowledge lectures, meditations, and rituals leading to mastery of the most important magical techniques.

The Western magical traditions are currently undergoing an international resurgence. In Stealing Fire from Heaven, Nevill Drury offers an overview of the modern occult revival and seeks to explain this growing interest in ancient magical belief systems. Gnosticism and the Hermetica, the medieval Kabbalah, Tarot and Alchemy, and more recently, Rosicrucianism and Freemasonry, collectively laid the basis for the modern magical revival, which first began to gather momentum in Europe at the end of the nineteenth century. Western magic has since become increasingly eclectic, drawing on such diverse sources as classical Greco-Roman mythology, Celtic cosmology, Kundalini yoga and Tantra, shamanism, chaos theory, and the various spiritual traditions associated in many different cultures with the Universal Goddess. Drury traces the rise of various forms of magical belief and practice, from the influential Hermetic Order of the Golden Dawn to the emergence of Wicca and Goddess worship as expressions of contemporary feminine spirituality. He also explores Chaos Magick and the occult practices of the so-called Left-Hand Path, as well as twenty-first-century magical forays into cyberspace. He believes that the rise of modern Western magic stems essentially from the quest for personal spiritual transformation and direct experience of the sacred—a quest which the trance occultist and visionary artist Austin Osman Spare once referred to as “stealing fire from heaven.” Considered in this light, Drury argues, modern Western magic can be regarded as a form of alternative spirituality in which the practitioners seek direct engagement with the mythic realm.

Over the years many myths have built up about one of the founders of the Golden Dawn, Samuel L. MacGregor Mathers. Many of these have been created by those who wish to damn the Golden Dawn and its system of magic or by those who want to naively believe a bogus magical story about the Order and its founders. In King Over the Water, Golden Dawn magician Nick Farrell paints a picture of the founders of the Golden Dawn becoming out of their depth as the Order began to create magicians. Rather than painting Mathers as an eccentric genius, Farrell sees him as an autocratic fantasist. He sees Mathers struggling to keep up as his students rapidly became better than him at the system he created, and shows how he was unable to raise his game to help the Order develop further. In what is a portrait of the problems that could befall any esoteric leader, Farrell (author of Gathering The Magic, a textbook on magical group dynamics) reveals how Mathers' later rituals were an attempt to remove the magic from the system he created so that he could milk it for money. Included are previously unpublished papers from Mathers' own version of the Golden Dawn, the Alpha et Omega, including the original Z documents, the full version of the Book of the Tomb (a key document for creating a Vault of the Adepts), the original method for the consecration of the sword, and much more. King Over the Water is the prequel to Farrell's groundbreaking expose on the Alpha et Omega, Mathers' Last Secret, and provides another look into the mind of a magician that helped develop the magic we use today.

Upon its original publication in 1996, Paths of Wisdom was hailed as the definitive introduction to the magical Cabala#8212the tradition of philosophy and symbolism at the heart of modern ceremonial magic. Encyclopedic in its detailed presentation of Cabalistic teaching, but written in a clear and readable style accessible to the complete beginner, Paths of Wisdom covers every aspect of the magical Cabala from the perspective of the Golden Dawn tradition#8212the most widely practiced approach to Cabalistic magic today. From the overall structure of the Tree of Life, through the complete symbolism of each of the tree's 10 spheres and 22 paths, to the practical applications of the Cabala in magic, meditation, pathworking, and daily life, it's all here#8212including material not found in other books on the magical Cabala. This new edition has been revised and corrected by the author and will take its place as the standard introduction to the Cabala in ceremonial magic.

For those who want to find out about what the Golden Dawn is and what it has to offer, this book answers questions about its philosophy, principles, and history.
