Rebuilding the walls of Jerusalem was important because it revealed God's blessing, served as a sign to Israel's enemies, and showed God was with His people. The walls provided protection and dignity to a people who had suffered the judgment of God but had later been restored and returned to the Promised Land.

Why was it important to rebuild the walls around Jerusalem ...

how to study cultural landscapes. The first essay follows the history of tourism and its relation to landscape study.

Jackson, John: The Necessity for Ruins

That is what I mean when I refer to the necessity for ruins: ruins provide the incentive for restoration, and for a return to origins...The old farmhouse has to decay before we can restore it and lead an alternative life style in the country; the landscape has to be plundered and stripped before we can restore the natural ecosystem; the neighborhood has to be a slum before we can rediscover it and gentrify it.

Layers in the Garden, or The Necessity for Ruins February 8, 2016 Pat Webster 14
Comments When gardeners mention layers, or layering, they are often talking about propagating a plant. Tucking a flexible shoot of a shrub underground and leaving it to form roots is one method of layering.

Although it has been three and a half years since the last post on our blog, I recently came across an interesting take on ruins. The Monumental Impulse (MIT Press, 1999) by George Hersey explores how architecture sometimes mimics natural phenomena. Hersey explores various creatures that build, structures that look like cells or DNA, and of course buildings that are phallic or vaginal.
