(Word file) and the user manual template (InDesign file). The content needs to be put into the InDesign template. This is called Desktop Publishing.

User Manual Template and Guide to Create Your Own Manual ...  
The software developer knows more than anybody what makes the software work, but that doesn't mean the developer should write the guide. On the contrary, it is a distinct disadvantage. More important than a deep understanding of the inner workings of the software is an understanding of who the end user will be, what his educational level is, and how that end user will be using the software.
