The vampire queen Neferata plots to create a new empire. Neferata is a queen without a kingdom. Lahmia has fallen, her vampire children have scattered and she is reduced to draining blood from the beasts of the mountains. After a chance encounter with a party of dwarfs, she sets her sights on a capital for her new empire - the stronghold of Silver Pinnacle. She calls her allies to battle - but can she truly trust Ushoran, Lord of Masks, and his bestial Strigoj vampires?

New omnibus edition of Mike Lee's classic Warhammer fantasy trilogy The Rise of Nagash. In the fantasy world of Warhammer, magic suffuses the land to such an extent that even the dead can ||live|| again, and whole empires of undead creatures hold sway in the dark places of the Old World. The vampires in the forests, the ghouls in their tunnels, the tomb kings of the southern deserts - all can trace their dark lineage back to Nagash, the first necromancer and supreme lord of undeath. For it was Nagash, two millennia before the time of Sigmar, who wrested the secrets of life and death from the dark elves, embarking upon a quest for immortality that would spark a war, destroy an empire and unleash a plague of undeath that would blight the Old World until the End Times and beyond.

A twisted adventure set deep in the heart of the ever changing kingdoms of the Border Princes. Players must negotiate both the undead horrors of a long forgotten tomb, and the grasping ambitions of the petty princes who have sent them to recover an item of unsurpassed power. Will they play the factions off against each other or simply opt to take the artefact for themselves? Will they survive the traps and tribulations of the adventure? Will they succumb to plague, terror and the guardians of the tomb? And how will they cope with the final twist in the tale- when they discover the issue is not what they have been sent to return from the grave...but who. Not only does Lure of the Lich Lord contain a thrilling adventure, but also extensive appendicies on tombs, traps, treasure and monsters that might all be found when plundering a tomb.

The bestselling Gotrek & Felix series continues Gotrek and Felix: unsung heroes of the Empire, or nothing more than common thieves and murderers? The truth perhaps lies somewhere in between, and depends entirely upon whom you ask... Travelling to the mysterious south in search of a mighty death, the Slayer Gotrek Gurnisson and his human companion, Felix Jaeger, find themselves caught up in a battle between warring kingdoms. Captured by the sinister Queen Khalida and forced to do her bidding, the adventurers must brave the horrors of the sun-soaked Land of the Dead, where the dead do not rest easy.

2000 years before the time of Sigmar, the mighty kingdom of Nehekhara flourished in the hot desert lands far to the south of the Old World. Mike Lee tells the bitter story of the rise of Nagash, a priest king whose quest for immortality would unleash a plague of death and evil that damned Nehekhara and its people forever.

In the unceasing war against Chaos, the doom-seeking dwarf, Gotrek and his human companion, Felix are beset by a new, terrible foe--an evil which threatens to reach out from darkest Sylvania. Reissue.
