Justice is a broad and somehow abstract concept based on equality of rights, fairness, kindness, dignity, moral and ethics. In a just world, we would not have: Discrimination ;

Difference Between Law and Justice | Difference Between

In his book titled What is Justice?, Kelsen indicated his position concerning social justice stating, “[S]uppose that it is possible to prove that the economic situation of a people can be improved so essentially by so-called planned economy that social security is guaranteed to everybody in an equal measure; but that such an organization is possible only if all individual freedom is abolished. The answer to the question whether planned economy is preferable to free economy depends on our ...
