Few names of the American frontier resonate like that of George Armstrong Custer. His fiery temperament and grand vision led him to triumph in one season and tragedy in another. Now best-selling chronicler Terry C. Johnston brings to life the Custer legacy as never before in a masterful new trilogy For a youth of the Cheyenne in the years between Little Big horn and Wounded Knee, life was brutal and dangerous. For Yellow Bird, who saw his father, George Custer, die on a blood-soaked field in 1876, survival is especially difficult, for--despite his own white heritage--he must live in the Cheyenne world. And so he grew to manhood, bound to his father by their warrior's spirit, preparing to fight for his home, his wife, and his own son.

But if they're ever to free the brainwashed, microchipped child soldiers, they must pretend to play along with the tyrant Mal Gorman's maniacal plan, even as they mind-read his every evil thought. Members of an elite squadron of mutants, the brother and sister have specialized skills that will enable them to steal the top-secret formula for an age-reversing drug developed by rebel scientists on the wild side of The Wall. Juiced by these potent pills, the cadaver-like Gorman foresees a future in which he'll be forever young - released from the machinery that now supports him. Allow yourself to be enchanted in this magical story of Sophy, the young girl whose extraordinary adventure with a real wolf helps her discover her inner confidence. Sophy is a shy girl who struggles to fit in in the outside world. She is happiest at home, playing in her wolf suit in her den. It makes her feel strong like a wolf, fierce like a wolf, and maybe a little bit brave like a wolf. She loves her suit so much she decides to wear it to school one day, but it doesn't go well. She tries to talk at school but the words get stuck in her throat and everyone laughs and whispers behind her back. But one day, an extraordinary thing happens! Sophy is whisked away to a magical snowy land where she meets a wolf and her cub. The unlikely trio roll, run and howl together, playing happily in the snow. Sophy has found friends and nothing can ruin her day! until a big, angry bear appears. But Sophy finally finds her voice and finds the courage she's been looking for all along. This beautifully told and enchantingly illustrated story carries important themes of overcoming the isolating feeling of being shy, finding friends and most importantly, finding your voice, and will delight readers young and old. Germany 1945. A young girl finds herself alone in a vast forest, amid post-war turmoil. As the countryside is ravaged by the final clashes of retreating and advancing troops, Malin has one thought in mind: She must head east, to find her family. Winter is approaching and, as she begins the long trek, she encounters a group of Wolf Children, the orphans of Germany parents killed in the war. They have gone feral in the forest, scavenging for food and shelter in sub-zero conditions with barely enough clothes to protect them from the snow and ice. But who is Lubina, the strange young woman who accompanies a group of these children? Is she to be trusted? Many dangers, fears, loves and obsessions will both bind and divide them until journeys end. This is the second of Skadi Winters atmospheric and mysterious tales, set in the deep countryside of post-war Germany, amid a culture of ancient wisdom, the world of forest spirits, gods and superstitions.
